

Diagram illustrating the layout for a 4x6 Postcard. The layout is defined by three nested rectangular areas:

- Bleed Background Area:** The outermost area, indicated by a red dashed border, which is 1/8 inch wide.
- Cut area:** The middle area, indicated by a solid blue border, representing the final trim size of 4 inches by 6 inches.
- Safe Zone:** The innermost area, indicated by a black arrow pointing to the inner margin, where all text and images should be placed to avoid being cut off.

← Bleed Background Area 1/8"

← Cut area (*Final Trim Size 4" x 6"*)

← Safe Zone (*Keep all text and images that you dont want cut off inside here*)

4x6 Postcard

Final File Size = 4.25" x 6.25"
